Credit Selection ESG

Assenagon Asset Management S.A.

The fund meets the quality standard for sustainable investments in the German speaking countries developed by Forum Nachhaltige Geldanlagen e. V. (FNG; SIF of Germany, Austria, Liechtenstein and Switzerland). Certified funds pursue a professional and transparent sustainability approach. Its implementation has been verified by an independent assessment by Advanced Impact Research, a spin-off of the University of Hamburg and supervised by an external committee.

The fund receives three of three possible stars for a particularly ambitious and comprehensive sustainability strategy. Additional points can be achieved in the categories Product-Governance, Product-Standards and Portfolio-Focus (Security selection, Voting and Engagement).
