

Product Management - Structuring (m/f/d)

Assenagon is one of the fastest growing independent asset managers in Europe. The company specialises in the active management of capital market risks, and the provision of investment solutions for institutional investors and distribution partners. In particular, fund management focuses on the need of capital investors to generate income within clearly risk budgets.

Our company currently employs around 80 staff at its locations in Luxembourg, Munich, Frankfurt and Zurich. We regularly offer exciting internships for students, graduates and ambitious young professionals. Seize the opportunity to gain insights into a dynamic company and put your abilities to the test for at least ten weeks.

If you have a background in economics and top grades and are looking for an interesting internship in fund structuring as part of your degree, we look forward to receiving your application!

Your responsibilities

- Contributing to multiple aspects surrounding the launch of new financial instruments or fund products. You will work with all relevant departments (e.g. Portfolio Management, Financial Engineering, Risk Management and Sales) to realise innovative investment solutions for our clients.
 - Conducting research and discussions concerning processes, regulatory requirements and investment decisions
 - Documenting and communicating the results internally and externally
- Supporting fund mandates for well-known investment banks and asset managers.
 - Researching on customer enquiries and completion of (due diligence) questionnaires
 - Working on project management and reporting processes
- In-house consulting on new regulatory requirements.
 - Identifying the main provisions on own initiative
 - Presentation of results and support for implementation actions

Your profile

- Advanced stage of study at university
- Keen perception, high quality standards, good communication skills
- Interest in the design of asset management products and processes
- Very good Microsoft Office skills (Excel, Word, PowerPoint)
- Experience in the financial services industry or consultancy an advantage

Our offer

You can look forward to an interesting, challenging and responsible role in which you can become familiar with and help shape the entire portfolio of a management company. Good career development opportunities in an innovative, dynamically growing company and our open enterprise culture offer recognition for your results.

Highly motivated teams

Flexible working hours

Central location, good connections

Fruit, water, coffee

Table kicker
